A Vain Goat

Stevenson

There is a goat that is so vain, he is a pain. The way he roams on the road	19
seems vain. He feels his hair is so fair. The way he eats his meals seems	35
vain. He sees the toad, but keeps away. He sees the deer, but keeps away.	50
He sees the bees, but keeps away. He feels he needs to be alone. I do not	67
feel the goat needs to be vain. The goat could be dear to the toad, the deer	84
and the bees. He could be a neat goat. But, he is so vain, he is a real pain.	103
